As you can see above some lines seem to be out of place, there were changes in status, some grew, some stayed the same, some entered the picture...I left the old chart and added to it so you could see some of the change.....compare it to GO #4 from the beginning of March and you will see how dynamic it is.

Present day: CURRENT MEMBERSHIP at 96.99 %

As a Department we need:

**464** to move to 99% and **1159** to move to 102% by end of fiscal year.
