

As we near the end of the 2021-2022 membership year, it's time for all of us to make that push for membership growth!

For our year-end membership push, we are issuing a challenge to all of our Departments to show leadership and bring your Posts above 100%.

For this contest, we have split our Departments into four Groups. At the end of June, the Department which has brought the most Posts from below 100% to 100% or above in each Group will receive a \$2,500 cash award to be deposited into the Department account. Talk to your District and Post Commanders, because we're nearing the finish line and when it comes to reaching 100% membership - THE TIME IS NOW!
