

Department of Washington, VFW
General Order No. 4
December 4, 2020

1 - Posts that are needing grant help; here is the current information from our WDVA Director:

“Hello Team:

Just got the word from Department of Commerce and the answer is absolutely apply for the grant funding. The posts and chapters that have business licenses in good standing are eligible regardless of their 503 c 19 status.

This is the site for application and the deadline is the 11th so there is not a lot of time, but sure there will be a lot of interest. <http://startup.choosewashingtonstate.com/working-washington-round-3/>. Please pass on to your adjutants and whoever else you need so they can contact the posts as quickly as possible. I also added Chuck to this message and I believe that covers all the vet service organizations that have a restaurant type service.

Thank you again Erin.”

Director

Washington Department of Veterans Affairs

Post Commanders, please utilize any means possible to ensure your Post home stays healthy both financially, and physically. Take advantage of grants given by your counties, cities, or any other available means.

2 – ALL Posts/canteens that receive a **verified** “positive” COVID case must notify Department within 24 hours of receiving notification. This notification to Department must include how many were affected and the steps taken to notify others and sterilization of the building.
