

2023-24 Veteran in the Classroom

Each year the Department of Washington submits awards for Veterans who have volunteered time to serving the youth by being present in the classrooms of students from Elementary School to High School. Veterans play a vital roll in the educational process to help the students understand patriotism and to serve as examples of servitude to community, state and the constitution.

- Participant will submit their names, post, and district on the application below.
- Entries must be to **Department by March 15th**.
- Please include the name of the school, the location address, and office number.
- Include the level of school, Elementary, Middle School or High school.
- The individual will be awarded at State Convention.
